

Distancing Monitor

A person assigned by each team to monitor the physical distancing of their team's players, coaches, and spectators on and off the field.

In-Charge Person

A person (could be a coach or manager or parent) who is in attendance at a game and is the person that is designated to go onto the field if an injury occurs – wherever possible this should be a person with first aid training.

In the event that first aid is required to be administered during an activity, all persons attending to the injured individual(s) must first put on a mask and gloves.
