

RACHEL #2 CLEGG

P/OF/1B R/R

My goal is to play softball at the collegiate level in the NCAA. I am a driven athlete and student who puts 100% effort into training and academics. In my 10 years playing softball, I have handled the stress and anxiety of playing at the highest level in my age group. I have worked through adversity and continue to strive to be the best. I am excited to face the next level of softball.
